

DORSEY TRAILERS BUYS UTILITY TRAILER WORKS

Dorsey Trailers, of Elba, has acquired the Utility Trailer Works, of Montgomery. Thus, Dorsey Trailers again expands its already vast modern trailer manufacturing facilities and now is the largest manufacturer of trailers in the South.

Dorsey began building trailers back in 1932 and won the acclaim of motor transportation experts with its development of the patented Dorsey Brake and Axle Assembly which enabled Dorsey trailers to establish outstanding performance records. Dorsey Trailers has been expanding rapidly ever since.

During the war, Dorsey was one of the large builders of trailers for the Armed Forces, winning the Army-Navy "B" Award and continuing to expand to meet the ever-increasing demand for trailers with the famed Dorsey Axle and Brake Assembly.

Post-war found Dorsey with a vast modern and efficient trailer manufacturing plant... and even more orders for trailers. So, Dorsey bought the Utility Trailer Works, Incorporated, of Montgomery, Alabama, to further greatly increase production facilities.

Dorsey Trailers' large Sales and Service organization now will service all Utility Trailers, maintaining complete supplies of all Utility Trailer parts and equipment.

All popular models of Utility Trailers, including Utility Pole Trailers and Utility Straight Frame Stake Body Trailers, will be continued and now will be built by Dorsey.

The complete Dorsey line of commercial trailers now includes all models, types and sizes for all transportation requirements in every business and industry.

Alabama War Chest Last Appeal For 19 Agencies Starts On Oct. 9th

USO And USS To Get More Than Half Of War Chest Fund

Last call of Alabama's War Chest in aid of the National War Fund will be made in this and every other Alabama county beginning Tuesday, October 9th. The service of 19 war agencies to be subscribed in the fourth and final appeal will be used to help finance the service of 19 war agencies to be liquidated or until January 1, 1947.

Urging citizens of Alabama to contribute to the war chest is the same generous way they have done in past campaigns, State Appeal Leaders Frank E. Spain and N. Floyd McGowan emphasized in a statement issued today the reasons why the final appeal is imperatively needed.

"War does not and suddenly with victory," their statement said. "National War Fund agencies that have rendered such magnificent service throughout the war to men in our armed forces and the liberated peoples of our Allied nations, cannot abruptly stop their activities with the war's end."

"Millions of our own men are still in occupation forces overseas. Many more are in hospitals and camps throughout this country. The USO must still provide these men in uniform."

STANDARD TELEPHONE COMPANY TO BE TAKEN OVER BY NEW COMPANY

A petition to dissolve the Standard Telephone and Telegraph Company and its subsidiary, the Andalusia Telephone Company, was filed with the Alabama Public Service Commission last week and will be heard on October 11 at two o'clock.

A new company will be formed to be known as the United Telephone and Telegraph Co., whose officers will be James L. Kirk and associate, of Moultrie, Ga. The purchase price of the telephone property is \$1,500,000.

The Standard company was formed in 1904 and is reported to be owned by the estate of Ex-Governor Chas. Henderson and heirs of W. C. Cameron. In addition to serving Dothan, Andalusia, Elba, Geneva, Slocumb, Hartford, Ozark, Samson, Headland, Enterprise, Abbeville, Brundidge and Columbus, the company owned the system at Napier Field and Camp Rucker.

G. R. McKelvey, general manager in charge of operations at Dothan, said it was understood that the new company would set up headquarters in Dothan and the entire personnel of the Standard Company would be retained. Enlargement and improvement of the facilities has been proposed by Mr. Kirk and associates, it was reported.

Friends of Dr. C. P. Hayes will regret to learn of his illness at Enterprise hospital where he has been since Sunday, suffering from an attack of erysipelas. Wednesday morning he was reported to be improving and it is hoped that he may soon be fully recovered.

Mr. and Mrs. Frank Fortner and children, of Long Beach, Calif., arrived here Tuesday and are visiting his parents, Mr. and Mrs. W. F. Fortner, and other relatives. Word has been received that another son, Sgt. Bryant Fortner, has arrived in the States from Europe and will soon be mustered out of the Army at Atlanta, Ga.

Pvt. Lee Dawkins has arrived from Germany and is at home with his parents, Mr. and Mrs. W. S. Dawkins, Elba Route 2.

Walter Whitman, Jr., has returned home from service as purser on an oil tanker in the Maritime Service.

1950 DRIVERS' LICENSES ISSUED TO OCTOBER 1; OTHER LICENSE DUE

1950 Coffee County motor vehicle drivers had applied for new 1946-47 licenses at the Elba Probate Office up to October 1, according to Judge John W. Brock. The time for buying the new license has been extended to October 20.

Privilege license, hunting and fishing license also became due on Monday, October 1, and are now on sale at the probate office. Privilege license will be delinquent on October 30. The others may be purchased any time.

1946 automobile tags went on sale Monday and the demand was good. All motor vehicle owners are urged to clear up early and avoid the rush of the last few days. Owners get one plate again this year, one for the front and another for the rear of their vehicles. Most of them are jubilant over the fact that advantage is just about half of what they paid last year.

A large crowd was on hand and Elba fans were well pleased with the showing by Coach House's "green" Tigers. They played clean, scrappy football, and give promise of developing into a formidable football machine with more experience.

Union Springs will play at Elba Field Friday night.

BRANTLEY DEFEATS ELBA TIGERS IN FIRST GAME OF SEASON

Elba High School's football season opened last Friday afternoon with Brantley as opponent. The visitors were victorious by a score of 28 to 0. However, the game was more interesting than the score indicated. In fact, the Tigers outplayed their more experienced opponents at times, but lacked the experience and power, both offensively and defensively, to score on the team from being scored against.

Due to war conditions, Elba had no football last year, so when Coach G. W. Hause took charge a few weeks ago he had to start from scratch, with a lot of boys without any football experience. On the other hand, the Brantley team was composed largely of veterans of last year, which gave them a big advantage.

A large crowd was on hand and Elba fans were well pleased with the showing by Coach Hause's "green" Tigers. They played clean, scrappy football, and give promise of developing into a formidable football machine with more experience.

Union Springs will play at Elba Field Friday night.

A HEART-WARMING MESSAGE TO COFFEE COUNTY PEOPLE

No citizen of Coffee County can read the appealing message that appeared last week from the wounded veterans of Coffee in behalf of USO without being profoundly stirred.

Our war-shattered boys, who must spend many more weary months at Northrup General Hospital in Tuscaloosa recuperating from their wounds, know what USO has meant to every service man. Forgetful of themselves, these wounded veterans from Coffee County are thinking of comrades still in service overseas and in the army camps at home. They want the USO to keep on bringing their buddies the nearest thing to home. And so, they ask the people of Coffee—"Friends and neighbors"—to back the Alabama War Chest in its final effort to raise funds for USO and 18 other agencies that aid "our own and our Allies."

The Clipper is confident that the good people of Coffee County will give generously in gratitude to these wounded boys of ours who have given so much to all of us.

Among those attending the funeral of Dr. R. D. Johnson in Opp last week were: Mrs. Rheta Johnson, Mrs. Esther Johnson, Mrs. Arkey Johnson, Capt. and Mrs. Charles Harrison, Mr. and Mrs. Max Reeves, Mrs. Rufus Wilson, Morris Johnson, Orella Johnson and Arville Johnson, all of Elba; Mr. and Mrs. Noah Prestwood, of Repton; Mrs. Gene Atkins and Miss Gala Johnson, of Auburn; Miss Yonelle Johnson, and Mrs. Elmer Reeves, of Troy.

Mrs. J. M. Buchanan has returned to Auburn after spending several days last week with Mr. and Mrs. James English.

S. Sgt. Fleetwood Camley, after spending several days in Elba with his wife and children and other relatives, left Monday for Camp Fannin, Texas, to resume his military duties.

WICKER SERVED WITH SEABEE UNIT ON IWO JIMA

Two Jima (Delayed)—D. W. Wicker, Route 4, Elba, Ala., is a member of the 31st Naval Construction Battalion on this island.

The 31st came ashore with the Marines on Feb. 19 when Iwo Jima was invaded and has been here ever since. In 19 days this Seabee unit constructed a two-lane highway with no greater than 10 per cent to the top of Mt. Suribachi, something the Japanese Imperial Engineers tried to do for 10 years. A Jap major called the construction "the road that couldn't be built."

"A Lift and a Laugh" at a USO Camp Show for the Boys Until They Come Back Home

THAT's one of the things your War Chest dollars buy. A little thing it may seem to you—a big thing to the lonely boys in service who await the happy day of their discharge.

Many long and dreary months will pass before the large majority of our service men and women can return to home and loved ones. In the meantime USO must carry on—through USO clubs which make for service men and women the nearest thing to home—through USO Camp Shows which furnish recreation and amusements—in hospitals where the wounded and the maimed will spend long, lonesome hours.

More than HALF the total National War Fund to which you will subscribe through Alabama's War Chest will be spent this year to provide home comforts, recreation and amusements for those still in our own armed services, including our mer-

chant marine. The rest goes to help relieve hunger, sickness and distress among our allies.

This is one great united cause. Your one Alabama War Chest gift helps 19 war and relief service agencies, who appeal only once a year to you. Remember war does not end with victory. We can't stop helping now.

In gratitude to those who have won the victory

WEEKLY NEWS ANALYSIS

CIO Strives to Maintain High Pay Level in Postwar Industry; Act to Spur Building Activity

(EDITOR'S NOTE: While opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Facing tough winter in war-torn Austria, Viennese scratch for future provisions. At left, woman is shown picking up stray grain in harvested field, while at right another woman is pictured carrying home wood found in shelled forest.

LABOR: Seek Peace

Armed with emergency powers, Secretary of Labor Lewis Schwellenbach moved into the troubled industrial front, where CIO demands for appreciable wage boosts threatened to retard the reconstruction program and jeopardize stabilization policy.

Schwellenbach faced no easy task, what with the strategic oil, automobile, farm equipment and steel unions striving for wage readjustments to wartime overtime levels, and major producers bucking the demands in the face of rigid price control.

In all instances, CIO demands for substantial wage boosts were predicated on the claim that the big companies had made stable wartime profits and could use the money to defray part of the increases without passing on the cost to the consumer.

While oil workers already had walked out of midwest refineries in a strike that threatened to spread and imperil the national fuel supply, principal interest continued to center in the troubled automobile situation where the United Automobile Workers headed by R. J. Thomas laid plans for enforcing their demands for a 30 per cent wage increase by walking out on individual companies and leaving their competitors free to invade their markets.

In assuming command of a labor department strengthened by the inclusion of the War Labor Board, war manpower commission and United States employment service, Secretary Schwellenbach planned to proceed slowly before exerting emergency powers, first exhausting ordinary procedure.

PACIFIC: MacArthur Disputed

Taking sharp difference with Gen. Douglas MacArthur's declaration in Tokyo that only 200,000 American troops may be needed for the Japanese occupation, Pres. Harry S. Truman feared for its effect on army demobilization plans and Acting Secretary of State Dean Acheson said that at this time it was difficult to forecast the eventual size of the force.

Basing his estimate upon the Japs' wholehearted effort to co-operate with his command, MacArthur's latest figure of 200,000 was a sharp reduction from the 400,000 recently projected and the 600,000 at first thought necessary. In making his statement, MacArthur said that the Japs' execution of his dictates through their governmental framework relieved the U. S. of establishing an elaborate military authority to perform the same tasks.

In seeking to offset expectations that MacArthur's announcement might lead to expedient demobilization, President Truman declared the program was not dependent upon occupation needs.

Speaking for the state department, Acting Secretary Acheson asserted that the ultimate size of the occupation force will depend upon the scope of the job of eradicating the whole Jap war-making economy.

Because of their generally fine performance while "pinch-hitting" during the wartime labor shortage, older workers will find employment opportunities much broader in the postwar era than in prewar years. Northwestern National Life Insurance company found in a survey. Hard-and-fast age limitations existing in the prewar era were pretty thoroughly broken down during the war.

war and will stay broken in many fields, although most large concerns will conduct their most intensive recruiting in the 20 to 30 age group. Many employers who have had unsatisfactory experiences with irresponsible young employees during the wartime labor shortage express a definite preference for older workers, who are loyal and very dependable.

Under OPA's pricing policy for manufacturers for the reconstruction period, some increases will be permitted to allow for higher labor and material costs. Profit margins will be held to half the industry-wide average for larger businesses or greater levels for smaller firms, however.
